

LIZARD LITTER

Aspen Chip Bedding & Litter

- Laboratory grade – choice of professional herpetologists
- Heat treated and ultra absorbent
- Hypo-allergenic – does not contain harmful aromatic oils
- 100% natural – environmentally friendly

Zilla® Lizard Litter uses laboratory grade aspen hardwood chips that are heat treated to provide an ultra-absorbent bedding and litter. Widely used by reptile breeders and professional herpetologists, aspen chips are an excellent substrate choice for snakes as well as other reptiles in both desert and tropical habitats. The chip size is ideal, making terrarium spot cleaning easy.

GROWN, PROCESSED AND PACKAGED IN U.S.A.
INGREDIENTS: Virgin, Debarked Aspen Hardwood
